# 22 Years of Impact

## Who We Are

The Indigenous Chamber of Commerce (ICC) supports business growth by fostering connections, strengthening capacity, and encouraging collaboration across sectors. Our network includes 230+ member businesses and professionals, made up of both Indigenous-owned and non-Indigenous organizations committed to working together.

ICC brings Indigenous entrepreneurs, industry partners, and government together to create spaces where relationships can develop and opportunities can emerge. Through events, programs, and partnerships, we contribute to a stronger, more inclusive economy.

## Why Partner with ICC

Partners of ICC are part of a diverse and engaged business network focused on relationship-building and shared impact. Sponsorship provides opportunities to connect with members, support Indigenous-led economic development, and participate in initiatives that deliver meaningful value for the broader business community.
